DO NOT DELAY. Spots fill up quickly!

Why Test?

Under North Carolina law, each home school registered with the Department of Non-Public Education must have a nationally standardized achievement test administered annually to each student at least age 7. National Honor Society now requires group testing for eligibility.

Checks should be made payable to "Triangle Assessments" and mailed along with the registration form below to: Triangle Assessments, 5512 Merion Station Dr., Apex, NC 27539

Parental help is needed!

Please indicate on the registration form below if you can help by proctoring (administering the test), or assisting the proctor. Proctors must have at least a Bachelor's degree. (It is very easy to administer the test. Books are color-coded and tell you what to say.) Each proctor will be reimbursed for a test after the testing is over.

Please complete and return the form below with payment and signature to register.

Keep a copy for your records. You will be notified when your registration is accepted.
